Independent Accountant's Compilation Report

Board of Directors Alaska Association of School Business Officials

We have compiled the accompanying statement of financial position of Alaska Association of School Business Officials (ALASBO) as of December 31, 2009, and the related statements of activities, functional expenses, and cash flows for the year then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The prior year summarized comparative information has been derived from ALASBO's 2008 financial statements and our report dated October 9, 2009, stated that we did not issue an opinion or any other form of assurance on those statements.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Mikunda, Cottrell & Co.

(1) Description of Organization

The Alaska Association of School Business Officials (ALASBO) was founded in 1974 and is an affiliate of the Association of School Business Officials International (ASBO). ALASBO's mission is to promote excellence in school business management through professional development and recognition, research and continuing education, publications, and cooperation with other members of the educational community. ALASBO's regular and associate members represent business officials of public school districts in the State of Alaska, Alaska Department of Education and Early Development, and the business community.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Association have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards Codification (ASC) Topic 958, Financial Statements of Not-for-Profit Organizations. Under ASC 958, Alaska Association of School Business Officials is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash

Cash includes currency on hand, demand and time deposits with banks or financial institutions, and other amounts that have the general characteristics of demand deposits.

Public Support and Revenue Recognition

Contributions, including pledges, from the general public are recognized as public support when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Contributions that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily or permanently restricted contributions based on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Summary of Significant Accounting Policies, continued

Public Support and Revenue Recognition, continued

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. Bequests are recognized at the time an unassailable right to the gift has been established and proceeds are measurable.

Membership dues revenue is recognized in the period for which the dues are paid. Dues collected in advance are recorded as "deferred membership dues" on the accompanying statement of financial position.

Management Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allocation of Functional Expenses

Functional expenses are allocated to program services and support services based on direct identification of expenses. Substantially all of the management and general expenses of the Association are borne by its members and their employers, board of directors, and committee members, with the exception of an executive management contract and professional fees related to preparation of the annual financial statements and preparation of the IRS form 990.

Income Taxes

The Association is a tax-exempt corporation under Section 501(c) (6) of the Internal Revenue Code. Accordingly, no provision for federal income taxes is included in the financial statements.

Program Services

Program services are those activities conducted by the Association that are in direct support of the Association's mission as described in note 1.

Summarized Comparative Financial Information for 2008

The financial statements include certain prior year comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America.

See Independent Accountant's Report

Summary of Significant Accounting Policies, continued

Subsequent Events

The Company has evaluated subsequent events through December 1, 2010, the date on which the financial statements were issued.

(3) Cash

The Association maintains demand and time deposits at one financial institution. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000.

At December 31, 2009, cash consisted of the following:

	Book <u>Balance</u>	Bank <u>Balance</u>
Checking accounts Certificates of deposit	\$ 74,468 24,326	87,013 24,326
Total cash	\$ <u>98,794</u>	111,339

(4) Accounts Receivable

At December 31, 2009, accounts receivable consisted of the following:

Conference and membership fees

\$ 2,896

(5) Contingent Liability

Amounts received or receivable from the State of Alaska are subject to audit and adjustment. Any disallowed claims, including amounts already collected, would become a liability of the Association.
